

*SORTING & DISTRIBUTING
CONVEYOR SYSTEMS*

Dispat-U-Veyor

- *Simple, Mechanical Sorting*
- *High Production Capacity*
- *Proven Components*

Dispat-U-Veyor is the leader in basic mechanical sorting conveyor systems. With a capacity of handling 1,200 loads per hour, sorting up to 60 stations, the DT has a 25-year record of success. A **DISPAT-U-VEYOR** system is easily applied in any garment handling operation, and can be used in many light item delivery systems.
